RE: Approval of the RCRA Facility Investigation (RFI) Work Plan Addendum II for
SWMU 17 at the Boeing Facility, Hazelwood, Missouri; Permit #: MOD00818963

Dear Mr. Haake:

The Missouri Department of Natural Resources' Hazardous Waste Program (HWP) has completed review of the revised RFI Work Plan (RFIWP) Addendum II dated July 19, 2001, for SWMU 17. The revised Work Plan was submitted to address concerns raised by HWP project staff in a June 4, 2001, comment letter. The revised Work Plan is intended to facilitate continued characterization of the contamination at SWMU 17 and is based on the results of investigation previously conducted in the SWMU 17 area. The department hereby approves the July 19, 2001, revised Work Plan.

Boeing is hereby directed to begin implementation of the RFIWP Addendum II in accordance with the schedule contained therein. It is requested that Boeing notify the department's HWP at least five (5) working days in advance of any planned field activities associated with implementation of the Work Plan to allow the department's HWP the opportunity to observe such activities.

The department's HWP would like to commend Boeing for the proactive approach to corrective action investigation and remediation that has occurred to date with respect to the Tract I facility. Boeing appears committed to ensuring that appropriate measures are taken to protect human
